

MINISTER TAKES STRONG GROUND ON EDUCATION OF FOREIGN-BORN CHILDREN

John R. Boyle Re-affirms Policy of Department to Secure for Children of Foreign-Born Parents Advantages of Instruction in English—Wetaskiwin School Case

(From Evening Edition)
The Hon. J. R. Boyle, provincial minister of education, is determined that the children of foreign-born parents now resident in Alberta shall have the same educational facilities as are enjoyed by those of the English-speaking race, and that in future years they shall not be behind in the race for success owing to the lack of efficient instruction.

The latest instance Mr. Boyle has had to deal with is that of the parochial school at Wetaskiwin, run in connection with a branch of the German Lutheran Church at that place. An inspector of the department reported that it was so badly equipped and poorly conducted that he could not grant the necessary certificate.

There are several schools connected with this particular branch of the German-Lutheran Church throughout the province, and in order to place the matter up a delegation from the denomination, headed by Mr. Eberhart of Stony Plain, called on Mr. Boyle yesterday afternoon. They pointed out that the School Board had enforced the compulsory education act against the school, which had been closed, and they wanted to know what was the policy of the department with regard to the conduct of these schools. Mr. Boyle told the delegation that if reasonably conducted, such as was aimed at in the public schools of the province, were supplied, and if the pupils were taught to speak and read and write English correctly, the schools would not be interfered with.

NEW YORK DUG OUT OF BLANKET OF SNOW

Perishable Food Supply Is Still Short and Cold Deliveries Hampered

New York, March 5.—New York dug itself part way from under its deep blanket of snow and ice today and re-established communication with the outside world in something approaching ordinary winter conditions.

Within the city a force of about 16,000 snow shovelers, 2,500 extra teams, the entire permanent equipment of the street cleaning department, millions of gallons of water for thawing and flushing, about six hours of warm sunshine, and the co-operation of many citizens and the public service corporations made it possible to maintain on the trunk thoroughfares a semblance of normal traffic. Little, however, could be done on the side streets, which remained deeply blanketed with snow.

Heroic efforts on the part of railroads leading into the city has made much of the truckage available, but trains during the day were still from 20 minutes to five hours late. Arrivals later in the day showed that the improvement in train service was steadily progressing. Most of the railroads had resumed their regular schedules and through trucks were said again.

The ordinary transportation, however, was badly crippled in the suburban and rural districts, due to the breaking of coaches and trolley poles. Much improvement was also effected in telegraph and telephone connections. Direct telegraphic communications as far west as Buffalo had been reestablished.

In this city such perishable food supplies as milk, butter, eggs, fresh vegetables, and in some cases fresh fruit, were still in short supply due on the one hand to a badly disorganized freight and other train service and on the other to impeded and interrupted street traffic. The same conditions of food shortage and inconvenience and trouble from a scant supply of fuel at points where it was to be consumed were still feared.

JAS. K. HACKETT IS HEIR TO \$1,500,000

New York, Mar. 4.—A fortune of \$1,500,000 has been left to Jas. K. Hackett, son of the estate of his aunt, Mrs. Minnie Hackett Townbridge, who had him cordially in line and made no attempt to conceal her bitterness.

Chief Swigley, at now o'clock, and the fire was under control.

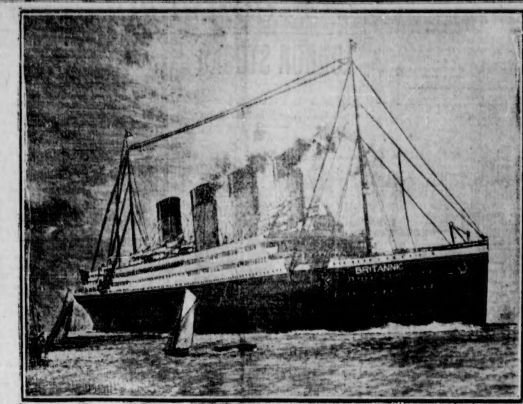

St. Louis, Mo., March 4.—A fire that started at four o'clock this morning at Third and Locust streets, caused damage estimated at \$100,000 and resulted in the injury of one fireman. It was the third one of the unknown origin within a radius of four blocks during the last four days.

Chief Swigley, at now o'clock, and the fire was under control. The contents of the building are practically all lost, and this, with the damage to the building, brought the loss to \$100,000.

Nester, truckman, with engine company No. 6, was injured seriously when he fell through a skylight from the roof to the basement through an elevator shaft. Examination at the city hospital showed he suffered skull lacerations and internal injuries, but the physicians said he will recover.

MURDERED BY FOREMAN.

St. Petersburg, March 4.—Captain Von Stahl, chief of works at the Rasputin lake factory, of the Putilov Armsament Works, was brutally murdered today by one of the foremen. The murderer then threw him into the machinery and was crushed to death. There had been a strike at the Putilov works for some days and Captain Von Stahl's attitude toward the strikers is supposed to have been the cause of the tragedy.

OUR NEWEST LEVIATHAN—White Star liner R.M.S. "Britannia," 56,000 tons. The largest steamer ever built in a British shipyard was successfully launched at Belfast on February 16th. The Britannia, intended for trans-Atlantic service, had not just been laid down when the Titanic disaster occurred, and as a result of that accident the plans of the new liner were almost completely re-modeled, which accounts for her not only on the stocks. A complete inner skin extends to considerable height above the baseline, the most vulnerable portion of the vessel, and the height and number of the bulkheads have been increased.

New Bank of Alberta Secures Incorporation

Banking Committee of House of Commons Approves Application for Incorporation of New Bank Under Charters—E. S. McQuaid, of This City, the Chief Promoter

(From Evening Edition)
Ottawa, Ont., Mar. 4.—Another new bank was put into being today, when the bill providing for the incorporation of the Bank of Alberta, passed by the House of Commons. The bill, which has the name of "The Bank of Alberta," and the committee approved.

Hon. Mr. T. White, minister of finance, said that personally he was opposed to the change in name, his view being that banks should not in any way be identified in name with the Dominion or provincial governments. However, there was a majority of the committee in favor of the request, which carried by standing vote. It was stated before the committee that the men who are behind the new bank are strong financially and the services of a prominent Canadian banker have been secured as general manager.

E. S. McQuaid, lawyer, of this city, the principal promoter of the new bank, Mr. McQuaid is now in Ottawa in connection with the incorporation of the institution. Other persons associated with him in the enterprise are Geo. J. Montgomery, Fred A. Lee, D. B. Fraser, Wm. Sutherland, Alf. R. Jackson, of Edmonton, and Thos. Underwood, of Calgary.

\$100,000 FIRE IN ST. LOUIS BLOCK

Third Fire of Unknown Origin in Radius of Four Blocks in Four Days

St. Louis, Mo., March 4.—A fire that started at four o'clock this morning at Third and Locust streets, caused damage estimated at \$100,000 and resulted in the injury of one fireman. It was the third one of the unknown origin within a radius of four blocks during the last four days.

Chief Swigley, at now o'clock, and the fire was under control. The contents of the building are practically all lost, and this, with the damage to the building, brought the loss to \$100,000.

Nester, truckman, with engine company No. 6, was injured seriously when he fell through a skylight from the roof to the basement through an elevator shaft. Examination at the city hospital showed he suffered skull lacerations and internal injuries, but the physicians said he will recover.

MURDERED BY FOREMAN.

St. Petersburg, March 4.—Captain Von Stahl, chief of works at the Rasputin lake factory, of the Putilov Armsament Works, was brutally murdered today by one of the foremen. There had been a strike at the Putilov works for some days and Captain Von Stahl's attitude toward the strikers is supposed to have been the cause of the tragedy.

BRANDON'S WINTER FAIR DRAWS BIG ATTENDANCE

Brandon, Man., March 4.—A bright morning marked the third day of Brandon's big winter fair.

HIS DEFALCATIONS ARE NEARLY \$20,000

George A. Galloway, Trusted Account, Confesses Guilt in Court in Toronto

Toronto, March 4.—George A. Galloway, the trusted accountant of the Western Canada Flour Mills Co., faced a charge in the sessions today of having during a period of the last two years misappropriated from his employer, Country Crown Attorney General, \$19,119. The total amount of his defalcations was nearly \$20,000, which he had admitted in writing.

Sentence was postponed to May to enable him to help the combinations and trade associations, formed for the reduction of import duties, which merely pocket an additional profit by the tariff duties formerly collected by the government, said his "tariff policy" to arbitrarily defray by foreign agents.

He was allowed out on bail of \$5,000.

EVANTUREL SUBMITS STATEMENT TO HOUSE

Member for Prescott in Ontario House Explains Offer of Made to Liquor Men

Toronto, Ont., March 4.—The legislative afternoon was treated to the expected and promised explanation from Gustave Evanturel, M.P. for Prescott, to the accusation of having offered his services as a member of the legislature to the liquor men as organizer for a fee of \$10,000.

In a long typewritten document from which he read, he protested strongly that he had no criminal intentions whatever. He said he was deeply sorry for the position in pay of the liquor interest in a letter which was not private. He wrote to an individual and not as a member of the legislature.

He claimed that he had always been opposed to the party's policy of "banish-the-bar," his position on the matter being well known to Mr. Egan, his leader, in conclusion he made a strong apology to the speaker and the house.

BRANDON'S WINTER FAIR DRAWS BIG ATTENDANCE

Brandon, Man., March 4.—A bright morning marked the third day of Brandon's big winter fair.

Most of the farmers from all the surrounding districts arrived in town early this morning, and commenced at 9.30, a big auction cattle sale was held under the auspices of the Cattle Breeders' Association. Bidding was brisk and the majority of the cattle were sold for high prices.

NEW \$50,000 BUILDING FOR M'DOUGALL AVE.

A Three-Story Club and Office Building to be Erected Opposite Court House

(From Evening Edition)

Erection of a \$50,000 club and office building for J. H. And and sons, on McDougall avenue, opposite the court house, has been decided upon, plans having been presented by Mackenzie and Macdonald, architects. It will be three stories in height and will be of brick and steel frame construction, with a frontage of 40 feet and a depth of 100 feet. The foundations are to be strong enough to carry an additional story.

The club kitchen and store rooms, and the boiler and fuel rooms will be located in the basement, with the dining room, outside, check room and restaurant's entry on the ground floor. The upper stories will be fitted out with a billiard room, a billiard room, and modern toilet accommodations.

Construction of a residence for John R. Newlands has been started on Peace Avenue Circle, Glenora, according to plans prepared by A. M. Child, architect.

The general design is of a bold semi-detached type. Features of the building being a sun room on the ground floor, and a sleeping porch opening directly from the sun room. The upper part of rough-sawn stone. There is a billiard room, a billiard room, and a billiard room.

Excavation for the foundations is already completed. Contracts for the masonry have been let to J. C. Chapman, for the mill-work to Phoenix and Dalton and for plumbing to Thompson and Dobbin. The cost of the house is estimated at \$12,000.

GERMANY AND FRANCE HAVE GIANTIC TRUSTS

Philadelphia Lawyer Charges High Cost of Living in U.S. to Foreign Trusts

Washington, March 4.—Foreign industrial combinations were charged with maintaining the high cost of living by Horace Hearn, a Philadelphia lawyer, who claimed that the administration and trust-bills before the House Judiciary committee. He argued that the Sherman law be amended to forbid the acting agents of foreign trusts or monopolies to dispose of their products in the United States.

These cases, notably in Germany and France, were large combinations and trade associations, formed for the reduction of import duties, which merely pocket an additional profit by the tariff duties formerly collected by the government, said his "tariff policy" to arbitrarily defray by foreign agents.

He was allowed out on bail of \$5,000.

TO SINK OIL WELL OVER 5000 FEET IN MORINVILLE FIELD

German Capitalists Put up \$100,000, Which Will be Cost of New Well.

IT WILL BE DEEPER IN WESTERN CANADA

Present Well Down 3343 Feet—New Bore Will Make Real Test.

Backed by German confidence and German capital, H. L. Williams, operating for the Canadian-American Oil Company, is starting drilling outfit at work on the company's holdings at Morinville, in a third attempt to find oil there.

When the company ceased operations at Morinville, some three years ago, it was after a well had been sunk to a depth of 3,343 feet. No oil has yet been seen, but the well is being drilled to a depth of 5,000 feet. The company disclaimed its exploitation of the field. Last week, however, Harri Freyberg and H. L. Williams, German capitalists, who are interested in the American oil field, visited the ground and decided it would be worth the money to sink a well from five to six thousand feet. They are putting in \$100,000, the cost of drilling the new well, and on the outcome of this test define information will be secured as to the real possibility or otherwise of securing oil in commercial quantities in this part of the province.

The work of moving the drilling outfit from the old well to the new location, several hundred feet away, was started yesterday. Drilling will commence in a week or two, and it may take one or two years before the new well is sunk to the great depth of five or six thousand feet. This will make it the deepest well in Western Canada. A very large pipe also is being sunk.

VOLUNTARY CAPTAIN HONORED

Halifax, N.S., March 4.—Steamer Principillo, five days overdue, arrived early this morning with Captain Inch of Volturno fame, on board. She met heavy weather and some loss, but no damage. This afternoon, Captain Inch was presented at the city council chambers by the handsome silver cup in appreciation of his bravery in the disaster to the Volturno when she was bound for Halifax.

SOUTH SIDE BUILDING.

The South Side building permits
for the month of February totaled
\$22,169 in value for 15 buildings.
This is a decrease of only \$1,840
in comparison with the same month of
1912. The permits of February,
1912, totaled only \$12,726 and in
February, 1913, only three permits
totaled \$1,450 were issued. The per-
mits for 1914 will include the new
central teaching building for the Uni-
versity of Alberta. Material is being
assembled for this big building, but
the permit has not yet been taken out.

The 1914 program will also likely
include a new fire hall for the east
end of the South Side.
Several new public buildings have
been completed on the south side
since amalgamation. Among others
are the post office, the art school,
the public library, Holy Trinity Church,
the school, and King Edward School.

BAPTIST Y.P.C. DEBATE
At a largely attended debate at First
Baptist Church on Monday evening,
under the auspices of the Y.P.C. de-
bate commission government for Ed-
monton was approved. Messrs. Coffey
and Campbell and Miss Fannie Nic-
dole supported the affirmative; while
Messrs. Robertson and Miller and Miss
Nellie Campbell upheld the negative.
Mr. Boyd of Mackay, Hamilton & Boyd,
acted as critic and gave a very im-
passioned and brilliant argument in
question. Refreshments were served
at the close.

Cameron on a lecture trip under the
auspices of the department of ex-
tension.

AT HOLY TRINITY

Miss Potts of the Holy River Mis-
sion, Northern Alberta, addressed the
regular meeting of the Senior Girls
W.A. of Holy Trinity on Tuesday
night. A program of songs, recited
and refreshments were served.

FRES. TORY ATTENDS

President Tory of the University of
Alberta addressed the Short Course
Agricultural School of Viking on
Tuesday night. He also addressed the
Luna Cooperative Society yesterday
afternoon on agricultural co-operative
credit.

MOVING OLD HOLY TRINITY

The old Holy Trinity Church will
likely be moved to Alameda for use
by the congregation of St. John's
Mission. This building was once the
church home of all the Anglicans on
the south side of the river, but now
there is the fine new Holy Trinity
Church and several mission congrega-
tions.

SOUTH SIDE POLICE COURT

At the South Side police court on
Tuesday, William Henderson and T.
Liles were each fined \$4 and \$1
or 10 days in cells on charge of
drunkenness. Charles McInnis, on
charge of vagrancy, was remanded to
March 3rd. Sentence was suspended
upon Philip Schaefer on charge of ac-
count upon Cecilia V. Schaefer.

HELP TO DEBATEES

During February 14 packet library
debates were held at the University
of Alberta. Since October materi-
al for debaters have been sent to
96 communities in Alberta, in some
of the communities several societies
sought assistance. In Edmonton 12
societies were assisted in debating.

CHOSLAND-PEACE

A quiet wedding was solemnized at
First Baptist Church, Main street,
Monday evening, March 2nd, when
Miss Fugate Potts and Ernest Crom-
land, both of Edmonton South, were
married by the pastor, Rev. H. R. Mc-
Gill. Only the immediate relatives
of the contracting parties were pres-
ent. Mr. and Mrs. Cromland left at
the midnight train for Calgary and
Bain, and upon their return will re-
side at 232 First street, N.E.

BUILDING UP DEPT. OF GEOLOGY

The department of geology of the
University of Alberta has been organ-
ized only a year and a half and yet it
already possesses collections which
equal those in many larger and older
collections.

A large part of the mineral, rock
fossil and ore collections have been
presented to the department by pri-
vate individuals, other universities, in-
dustrial and mining companies.

Prof. Allen is particularly anxious
to build up the fossil and rock collec-
tions from the Province of Alberta.
The work can be hastened by contri-
butions from individuals throughout
the province who may live at or near
localities where many fine fossil types
occur.

TO BE OPENED MONDAY

G. E. Turner, building commissioner
of Edmonton Public School Board,
stated this morning that the new
King Edward School, on the South
Side, is now ready for occupation, and
that the children will move from their
present quarters to the new school on
Monday morning.

A special committee, consisting of
himself and Director of Technical
Instruction Richardson, is investi-
gating the suitability of the old build-
ing for a temporary school, on the South
Side, and will report its findings to the
School Board at its meeting tomorrow night.

ANOTHER CHINESE REPUBLIC PLANNED

Former President of Senate Says
Wilson Will Right Not to
Finance Yuan Shai Kai

Peking, March 4.—A movement to
establish a new republic modeled on
the United States has been set on
foot by Yuan Shai Kai, president of
the Chinese Senate, who is now in
Paris.

"Europeans who furnished Yuan
Shai Kai with funds to enable him to
defeat parliament," said Yuan Kai
yesterday, "are the dictators of the
present government. I intend to re-
store the Republic of China in preference to con-
tinuance of the Republic of Yuan, whose
personal ambition will leave the coun-
try in a state of anarchy as long as he
has power."

"Four hundred millions of people
cannot be controlled by a tyrannical
dictator. Our plan is to form a great
federation, giving autonomy to each
province, and leaving national ques-
tions to the Federal parliament."

ESCAPE AT CHATHAM JAIL

Chatham, Ont., Mar. 4.—David
Grant, who had been sentenced to
seven years in Kingston for bank-
ing robbery, and Henry Dart, also
sentenced to seven years, escaped from
the Central for leaving bad checks,
escaped from the county jail here this
morning. They are believed to have
crossed the border.

ALLEGED MONOPOLY BY WAREHOUSE MEN

Control Wheat Prices More Than
Any Other Agency Except War
and Finance

Washington, March 3.—The Chicago
board of trade was arraigned as a
"trust" designed to monopolize
the wheat market, today, by a series
of resolutions, which were passed
by a majority of the board. Appear-
ing before the house rules committee
in behalf of several wheat growers
organizations of the northwest, Mr.
Hawley urged federal action against
an alleged monopoly maintained by
the public warehouse men of Chicago
and other market centers.

Through memoranda on the Chi-
cago board and control of the storage
of grain, the warehouse "trust," he
stated, had set up an organization
"which controls the wheat prices of
the world more than any other agency
except war, finance and insurance."

The key to the situation was deal-
ing in futures, where no delivery was
made, but the warehouse men of
business the Chicago board of trade
outstripped the other members of the
wheat combine.

Evidence was submitted to the
committee designed to show that the
warehouse "trust" began business in
1887 and had steadily increased in
power until today the Chicago board
was "throttled and controlled by the
public warehouse men."

Mr. Greeley read into the record a
recent charge that the warehouse
board, removing certain penalties pre-
scribed against warehouse members.
This action, he said, was done at the
expense of the warehouse men's com-
mission. The committee had under con-
sideration a resolution to investi-
gate the charges that a monopoly ex-
isted within the grain exchange of
Chicago, South and Minneapolis.
Evidence upon the warehouse opera-
tions and future trading. It was said
that if the hearings before the com-
mittee should be held, the matter prob-
ably will be referred to the commit-
tee on agriculture with recommendations
that it draft legislation to remedy
the alleged evils.

HONOR OF U. S. IN STAKE OF EUROPE IS AT STAKE

President Wilson Will Himself Urge
Repeal of Panama Canal Treaty
Before Congress

Washington, March 4.—President
Wilson will personally address a joint
session of Congress Thursday, advocat-
ing the repeal of the clause in the
Panama Canal Act, which exempts
American cooperative shipping from the
payment of tolls.

White House officials have arranged
with the majority leaders in both
houses for a joint session at 12:30 p.m.
Thursday. The President has pre-
pared a brief address, in which he
will urge the repeal of the clause, and
should review itself and keep the ob-
ligations of the Hay-Panama treaty,
which he believes were violated
by the Panama Canal Act.

The President holds the national
honor of the American people is
at stake, and that the repeal of the
clause would be a blow to the im-
pression that treaties made by the
American government are not ad-
hered to in letter and in spirit. The
repeal clause provides that while
the Hay-Panama treaty guaranteed
equal treatment to all nations, the
matter of tolls, the document was to
be interpreted as meaning all nations
except the United States.

IN THE POLICE COURT

Ed. Drueger pleaded guilty to steal-
ing some \$60 from the Dominion Fish
and Oyster Company, but was
not sentenced at the time and
not responsible for his actions.

It was sentenced to 30 days and
labor by MacIntyre-Jassie, in police court,
the man over the street.

K. E. Baty was fined \$10 and costs
for disorderly conduct on the street.
George Clarke is charged with
burglary and was sentenced to 30
days and labor on Friday, March 3rd.

Charles Haywood was fined \$10 and
costs for 30 days and labor on Friday,
March 3rd.

Free Theatre Tickets For Pantages Theatre

This page contains the names of a number of persons living
in the vicinity of the stores advertised on this page.

Choice of TWO Tickets for Tuesday or Wednesday for
the Pantages, will be presented to each person whose name
appears among these Ads. CLIP THE AD, take it to the
merchant in whose advertisement your name appears as a
means of identification, and the Bulletin will send you the
tickets. Bulletin must be notified before Monday at noon.

HONOR U. S. AMBASSADOR

London, March 4.—United States
Ambassador Page is to receive the
honorary degree of doctor of literature
at the end of the month from the
University of Aberdeen.

Andrew Carnegie and Vincent
Bryce are virtually engaged in choosing
one of themselves as chairman of the
University of Aberdeen, in suc-
cession to Lord Strathcona. Both
have been offered to become candi-
dates, but it is understood that after
they have exchanged views, one
will decline to stand, leaving the
other to be elected without opposition.
